

## SOCIAL CONTRIBUTION POLICY

### Core Values:

- Participation and sharing,
- Lifelong learning,
- Social sensitivity,
- Adherence to ethical principles,
- To use and disseminate information for public health,
- National and international cooperation, strong and sustainable relations with stakeholders.

### 3Teks Medical Textile;

- It aims to gain a respectable position among the organizations that have a guiding effect on the development of the city, region, country and the world in economic, social and cultural terms.
- It attaches importance to the projects to be carried out with the relevant stakeholders so that the disadvantaged groups of the society can be included in the socialization process.
- Social contribution activities are planned and carried out by taking into account the Sustainable Development Goals developed by the United Nations Development Program (UNDP) and evaluated under 17 headings.
- During its social contribution activities, it respects universal values, basic human, animal and environmental rights, ethical rules, interpersonal differences, local culture and values. It clearly announces the sanctions to be faced in case of violation of ethical or legal rules.
- It aims to develop joint projects with Industry/Sector cooperation for solutions at the national level, especially at the local and regional level.
